ABSTRACT

This report, one of a series of studies of the supply of teachers, the demand for teachers, and the status of currently active teachers provides information on the status of teacher personnel in Utah: (1) total number of professional personnel; (2) ethnic and racial background; (3) certification and training; (4) professional experience; (5) age and sex distribution; (6) major and minor assignments; (7) teacher turnover; (8) total number of letters of authorization; (9) total number of new personnel; (10) major and minor teaching assignments of new personnel; (11) elementary school personnel listed by grade assignment; (12) age and sex distribution of new personnel; (13) state of origin of new personnel; (14) supply of teachers recommended by Utah institutions; (15) certification and subject matter; (16) occupations of 1982 graduates of Utah teacher training institutions; (17) sources of teaching candidates; (18) one teacher schools in Utah. Tables also display data on births, population growth, and enrollment in Utah. (JD)

FOREWORD

This study is one of a long series of studies of the supply of teachers, the demand for teachers, and the status of currently active teachers.

The state should look with pride at the accomplishments of Utah educators in spite of the adverse situations which have existed for so many years.

Until 1942 Utah required only three years of college training for the licensing of elementary teachers. In 1942 requirements were changed to four years of preparation for all teachers and the state has now adopted a permissive fifth year in order to prepare teachers adequately for their important work in a rapidly advancing world.

This study is intended to bring these comparative data up-to-date annually. The information may then be used by high school and college counselors, by school administrators, and by all others interested in the schools.

G. Leland Burningham

G. Leland Burningham
State Superintendent
of Public Instruction

ACKNOWLEDGMENT

We express our appreciation to all school districts, professional personnel, teacher-preparation institutions and Staff Development and Technical Assistance Department of the Utah State Office of Education for their cooperation in supplying information for this study. Thanks are expressed to Data Processing for their efforts in tabulating, to Publications for printing and assembling, and to the secretaries and clerks of the Administrative Services Division for assembling and typing.

Raw source data for Sections 1 and 3 came from the "Annual Professional Personnel Information Sheets" sent to each professional employee in the state dated as of October 1. Sections 2 and 4 raw data were furnished by the Certification Section.

STATUS OF TEACHER PERSONNEL IN UTAH

1982-83

TABLE OF CONTENTS

ORGANIZATION OF MATERIALS: For convenience in using the data which are assembled in this report, the booklet has been divided into sections according to the classification of the information. Each section has been printed on a separate identifying color.

SECTION I (White Pages) - Total Professional Personnel

Total Number of Professional Personnel . . . . pp. 1-5
Ethnic and Racial Background . . . . pp. 6
Certification & Training . . . . pp. 7-16
Professional Experience . . . . pp. 17-31
Age & Sex Distribution . . . . pp. 32-41
Major & Minor Assignments . . . . pp. 42-69
Teacher Turnover . . . . pp. 70-71

SECTION II (Pink Pages) - Letters of Authorization

Total Number of Letters of Authorization . . . . pp. 75-76

SECTION III (Yellow Pages) - New Personnel

Total Number of New Personnel . . . . pp. 79-80
Major & Minor Teaching Assignments . . . . pp. 81-83
Elementary Personnel Listed by Grade Assignment . . . . . pp. 84
Training & Professional Experience . . . . pp. 85-89
Age & Sex Distribution . . . . pp. 90-94
State Originating From . . . . pp. 95

SECTION IV (Blue Pages) - Supply of Teachers

Supply of Teachers Recommended by Utah Institutions . . . pp. 99-107
Certification & Subject Matter . . . . pp. 108-112
Occupation of 1982 Graduates . . . . pp. 113-120
Sources of Teaching Candidates . . . . pp. 121-122

X Utah's Population Growth - Births . . . . pp. 129
XI Fall Enrollment . . . . pp. 131

HIGHLIGHTS

1. PROFESSIONAL PERSONNEL:

Number: The public schools of Utah reported for the school year 1982-83, 17,476 professional personnel: 8,371 elementary classroom teachers, 393 elementary principals, and 251 other elementary instructional personnel (includes: media, special education, counselors, & etc.), 951 middle school classroom teachers, 42 middle school principals and 62 other instructional personnel (includes: media, special education, counselors & etc.) 5,836 secondary classroom teachers, 297 secondary principals and 523 other instructional personnel (includes: media, special education, counselors & etc.), 288 district wide instructional personnel, 170 supervisors and directors, 189 other district wide personnel (includes: specialists, social workers, psychologists, & etc.), 40 superintendents and 63 assistants, administrative assistants and business managers.

Included in the above figures are 63 elementary interns, 8 middle school interns and 10 secondary interns. Interns are assigned a regular class or subject for a semester of the school year and are under the direction of a master teacher. Each intern in general receives a percentage of a beginning teacher's salary.

The personnel are contracted to 40 school districts and are assigned to 40 administrative offices, 411 elementary schools, 33 middle schools, 66 junior high schools, 96 high schools, 40 special education schools and 15 alternative high schools and vocational schools.

Fifty-two percent of the total professional personnel are employed in Davis and Salt Lake counties. The same counties enroll 52% of the total enrollment in public schools.

Men and Women: Men represent 42.7% of all personnel and women represent 57.3%. Elementary men classroom teachers are 9.7% of the total while elementary women classroom teachers are 48.2% of the total. Middle men classroom teachers are 2.8% of the total while middle women classroom teachers are 2.6% of the total. Secondary men classroom teachers represent 21.1% of the total and secondary women classroom teachers are 12.3% of the total. Table 1, pages 1-3.

Age Distribution: The median age for all personnel is 38.9. The median age for all men is 41.5 and for women 36.8. The median age for elementary men is 38.0 and women is 36.5. The median age for middle school men is 38.8 and women is 35.0. The secondary median age for men is 40.5 and women is 35.9. The median age for administrators is 50.2. For the men administrators the median age is 50.4 and for the women administrators 47.4. Tables 26-34, pages 32-40.

Median Age

Year	Men	Women
80-81	41.4	36.7
81-82	40.9	36.4
82-83	41.5	36.8

Experience: Median years of experience for elementary classroom teachers is 9.0 years, for middle school 10.0 and for secondary is 12.0 years. Tables 14, 16, 18 pages 19, 21, 23.

2. CREDENTIALS AND TRAINING:

Letters of Authorization: This type of emergency certificates were issued to 127 out of the total 17,476 professional personnel as of December 10, 1982. This represents 0.7% of the total professional personnel. Proper credentials are held by 99.3% of the total professional personnel. Thirteen districts show 100% of their personnel with proper certification in all subject areas. Additional highlights are described under item 4.

Training: Training is divided into eight divisions--from less than a bachelor's degree to a doctor's degree. Of the total personnel 0.5% are interns with less than a bachelor's degree, 0.3% of regular classroom teachers claimed to have a bachelor's degree equivalent or less, 38.8% have a bachelor's degree, 28.6% have between 30-60 hours of college credit above a bachelor's degree, 30.28% have a master's degree or master's plus 45 hours. One and eight tenths percent have a doctor's degree.

Training for elementary, middle and secondary classroom teachers show that 49.4% of the elementary teachers have training beyond a bachelor's degree, 58.9% of the middle school teachers have training beyond a bachelor's degree and secondary teachers show 63.9% as having training beyond a bachelor's degree. Tables 5, 7, 9 pages 9, 11, 13.

3. STAFF TURNOVER:

Turnover for the state as a whole is computed by subtracting the increased number of teachers from the total number of new professional personnel employed. Personnel leaving the public system in Utah includes those who accept assignments outside of the state or in private schools or higher institutions of learning within the state, retire, die, take maternity leave for one or more years, or who change occupations. The turnover rate for 1981 was 8.09% and for 1982 was 9.89%. Table 64, page 71.

4. LETTERS OF AUTHORIZATION:

Definition: "Letters of Authorization" is a term used to describe the authority given to school districts to employ individuals without proper certification. These letters are issued to school districts upon proof of dire need and for one year only.

Number: The number of "Letters of Authorization" issued as of December 10, 1982 were 127 which is 0.7% of the total professional personnel. This is 25 more "Letters of Authorization" than were issued at the same time in 1981. Tables 65-66, pages 75-76.

Training: Ninety-one and four tenths percent have at least a bachelor's degree and additional training or a higher degree. Eight and six tenths percent have less than enough hours for a bachelor's degree.

5. NEW TEACHERS:

Number: For the school year 1982-83, 1,729 new teachers were employed in the state. The total represents 1,094 elementary, 27 middle school, 573 secondary, and 35 district wide personnel. Three hundred and seventy-nine men and 1,350 women were employed. One hundred seventy-nine of the 1,729 taught out of state last year.

The number of transfers between districts total 284. This includes 103 men and 181 women. One hundred and sixty-one transfers were for elementary positions, 5 for middle school, 114 for secondary positions and 4 were for district wide positions. Tables 67-68, pages 79-80.

Training: Eighty-four and four tenths percent of the total new teachers have a bachelor's degree. Thirteen and eight tenths percent have a master's degree and/or additional training. Tables 73-75, pages 85-87.

Experience: Those with experience are distributed as follows: 76.92% - 1-5 years; 14.98% - 6-10 years; 4.3% - 11-15 years: 1.7% - 16-20 years; 1.7% - 20 years and over. Table 76, page 88.

Age Distribution: The median age for all new teachers to the state is 29.0 years. The men's median age is 30.4 years and the women's median age is 28.6 years. Table 82, page 94.

Where They Come From: Idaho furnished the greatest number of new teachers who taught out of state last year - 18.0% of the total. Table 83, page 95.

6. CANDIDATES RECOMMENDED FOR CERTIFICATION:

Supply of Teachers: The supply of teachers is measured by the number of candidates who are graduated from the state's six teacher preparation institutions.

The estimated number of candidates recommended for 1983 is 1,941--520 men, 1,421 women. There will be 119 recommended for Early Childhood Education: 810 recommended for elementary; 640 recommended for secondary and 372 for ungraded. Table 84, page 99.

Number Graduating (1982): The 1982 graduates from Utah teacher training institutions recommended for certification in Education totaled 2,029. Forty-three percent (873) of the 1982 graduating class accepted teaching positions in Utah in the fall of 1982. The 1981 percentage was 42.0%. Eleven and three tenths percent accepted teaching positions outside the state. The balance entered into non-teaching functions. Sixty-three and two tenths percent of the graduates were from Utah, 34.4% from states outside of Utah and 2.3% from foreign countries. Table 104, pages 121-122.

Brigham Young University trained the greatest number (1,058) and also the largest group accepting positions in Utah (419), Utah State University was second with (353) trained and second with (164) that accepted teaching positions in Utah. University of Utah was third in the number trained (292) and fourth in number (101) that accepted positions to teach in Utah. Percentage wise, Weber State College had the highest percent of those trained accepting teaching positions in Utah (68.3%). Westminster College was second with 65.2% and Southern Utah State College was third with 45.1%. Tables 97-103, pages 113-119.

7. MISCELLANEOUS:

For the 1982-83 school year there are three one-teacher schools. There are 44 students enrolled in the one-teacher schools--an increase of 10 over the previous year. Live births in the state of Utah decreased 500 over the previous year. Tables in Buff Section.
